

National Centre for the Protection of Older People

Terms of Reference

User Group

The User Group is made up of groups representing older people and/or those related to the area of elder abuse. The role of the User Group is

1. To support the dissemination of the work of the Centre
2. To share views and knowledge with members of the research team
3. To be updated by the research team on the progress of the work of the Centre
4. To advise the research team of issues and initiatives related to older people and elder abuse
5. To discuss implications for older people arising from the work of the Centre
6. To advise on areas for future research
